TRI-STAR TRIMARANS/CATAMARANS

TRI-STAR 60/63 a Trimaran that can fulfill the dreams of anyone wishing to cruise or charter the world in luxury. Tri-Star 60 and 63 have the same hulls, the difference is that the 63 has a LW bow, plus the stern has been repositioned and set at a higher angle to give over a foot more length to the aft berth which gives a much larger aft cabin. Tri-Star 63 accommodations have been changed so there is a full headroom passage way directly from the lounge to the ama. The Captains stateroom has a door for direct shower access. The 63 has a number of other accommodation changes that make it great for chartering or a spacious comfortable cruiser. The 60 and 63's hull shapes allows both to carry the maximum cruising load while having the fine hull lines for fast passages. TRI-STAR 60/63 is a proven design that you would enjoy cruising the world.
